

The Royal Star & Garter Homes

RCN 210119

The Royal Star & Garter Charity, established in 1916, has always depended on voluntary support & fundraising activity to maintain the high standards of care. Over the years many thousands of disabled ex-Service men & women have benefited from our special care. Today our ex-Service men & women residents enjoy a full life at our Richmond Home & we have embarked on an ambitious development programme to build new homes around the country. As well as retaining the finest nursing & therapeutic care, the new homes encompass en suite facilities for every resident and, for the first time, include a special wing for those with dementia.

The first of these, in Solihull, opened in August 2008 for 60 residents. We have also recently extended our services to include the widows(ers), spouses & partners of ex-Service men and women. Our links with the Military and strong traditions will continue to define the Royal Star & Garter experience.

With the support of friends like you, we can move forward with confidence and continue to provide the best possible care to all those ex-Service people who may need it - now and in the years to come. Thank you
